Art Unit: 1724

1. Claims 7, 9, 15, 17 and 19-28 are allowed.
2. The following is an examiner's statement of reasons for allowance:

The claims are allowed because the prior art of record fails to teach, disclose, or fairly suggest a method for treating water to disinfect pathogens and inactivate viruses, comprising introducing silver ions to the water followed by exposing the silver ion-containing water to ultraviolet light. It is submitted that although prior art methods for treating water comprise introducing silver ions to water or exposing the water to ultraviolet light, the prior art of record does not recognize the unexpected results found on inactivation of viruses by the specific steps of first introducing silver ions to water, and then exposing the silver ion-containing water to ultraviolet light (see Figure 1).

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

3. Any inquiry concerning this communication or earlier communications from the examiner should be directed to Betsey Hoey whose telephone number is (571) 272-1158.
